Post Super Bowl, **Alex Rodriguez** was seen [scoping out](#) NYC real estate with popcorn-transport-device Cameron Diaz, and now the *Journal* reports the Yankees third baseman has finally [settled](#) on a new home. As to be expected from someone who's got a \$275M contract, A-Rod has made a deal to buy the entire 35th floor of a swank condo building on NYC's Upper West Side, which has views of the Hudson River and is rumored to have cost between **\$5.5M and \$6M**. Contract pending.
